## News From Your Town Hall

The zoning law is waiting for final passage on some street dedications so that they may be included in the final law.

Homestead exemption—and its still political pug—is still available 'til the 1st of April at the Town Hall. You may sign both the Town and County application then the good offices of your Town Clerk Dutch Wally. If you haven't signed up, you "ain't got long."

Money was appropriated and orders issued for the purchase of some additional fire hose and other small equipment needed by the Fire Department.

The ordinances making it necessary for a developer to properly lay out his proposed subdivision and state on the dedication what improvements are to be made and when, was passed. The zoning law proposes to limit the size of building plots for residential purposes.

If you want to divide your land for residential purposes in less than 50 feet lots you'd better hurry before the zoning law is passed for it definitely restricts you.

Frank Morris and Commander Cunningham asked the Town Fathers permission for the Legion to hold a carnival during the month of April. Permission was granted for a thousand bucks fee, which in turn, it was agreed, will be given by the Town to the Crippled Childrens' Clinic which the Legion will build for the community.

## Mixed Ball Match Sunday At Golf Club

Hitchcock announces that a mixed two-ball match will be held Sunday afternoon at the Golf Club. Men and women are paired off in foursomes, each team to play a total of 18 holes. Lots of fun and some interesting prospects of equalizing the matches result from this; the chances of all twosomes are very good.

The Sunday after Easter, Ft. Lauderdale will send a team up to play the local golfers. Some ladies will be invited and the local ladies will serve a buffet supper after the game.

Twenty eight players showed up at the first of a weekly Thursday night program of card parties at the Club. Tournaments will be bugen and tournaments given monthly for both bridge and rummy.

## Lee Puckett Chairman Of Seventh War Loan Drive In Community

Mr. W. L. Puckett has been appointed local chairman of the Seventh War Loan Drive to be conducted from April 9th to July 10th.

The assignment to the State for "E" Bonds is to be \$50,000 against a quota of \$31,000,000 for the sixth drive, and consequently the county quota will be larger.

A meeting will be held Friday night, March 23rd to discuss plans for the drive in Palm Beach County. The local chairman and others interested are invited to attend.

**P. T. A. Meeting**  
The Parent Teachers Association had a meeting on Tuesday, Monday at the high school auditorium with Mrs. Kathleen Cox in charge of the program.

Teachers of the elementary school presented their classes in demonstration of their school work.

A meeting was made of the district members of the Red Cross, Mrs. W. T. Elder, secretary; Mrs. George Royal, treasurer; Mrs. George Royal, historian; and Mrs. Thomas Brugger, delegate-at-large.

Approximately 150 members and interested patrons were in attendance. The next meeting will be held April 9th, and Mrs. Bobby Allum will preside the band in a musical program.

## Legion Applying For Former Hospital Unit At Camp Murphy

W. L. Cuningham reported to the regular Legion meeting on Tuesday night that a committee of Legionaries composed of Joe Friedheim, Frank Morris, Luther Jones, and Joe Freedman visited Camp Murphy to see the Army Engineers have offered to the Post to be used as a crippled children's clinic and a white clinic.

It was decided that the moving of the barracks buildings would only offer an excuse to the Army Engineers, the offer was graciously declined.

However, one of the combination ward buildings used by the base hospital was inspected and application has been made thru Claude Pepper for this building.

Inside a large ward room there is a kitchen, furnished with electric stove and built a building and the offer private patient rooms, steam heat, and a sprinkling system, as well as provisions to furnish hot water.

This building, 25x150 feet, is equipped with a linoleum floor over pressed metal base and will answer both purposes for the local community.

Several thousand dollars will be necessary to move the building and the Post instructed its committee to proceed with all special practical to find a site.

The Clinics will be operated by the Community Center Inc. and equipment will be underwritten by the several Clubs, after the Legion moves the building and resects it.

## Glades Grown Food Wins High Praise Of Officials

A group of officials, which included the Board of Control of State Institutions, the Presidents of the University and the Girls School at Tallahassee fed a luncheon at the Everglades Experiment Station Saturday for a king for only \$1.50. The luncheon was held out of the 20 interns on the menu were not Glades products.

Mrs. Allison and the ladies of the Station prepared the food and served it, and garments stretched their capacity, while some of the local guests ate even more.

Here's the menu:

Chilled Orange Juice—Ex. Station  
Pink Grapefruit—Beardsley Half-head lettuce—Station Celery hearts and radish salad Station.

Little peas—Station  
Mashed potatoes—Station Fried Chicken—Station

Gravy—a la Ex Station  
Frosted cake—Station  
Milk-Cream-Butter—Boydton Dairy.

Water—Hillsboro—Canal via Belle Glade Water Works.

Sugar—Dixie Crystals USS Sugar Corp.

## High School Band Entertains Ratory

Mrs. Allum, director, presented a number of her players from the Belle Glade High School Band to the Rotary Club meeting recently, with Billy Bailey soloing on the accordion and Miss Donna Lee Bowman in song.

Mrs. Allum was high in her praise of Miss Bowman's natural ability and predicted prominence for the young lady.

The showing of the performers was enthusiastically applauded by the members who marveled at the progress made.

Those in the party included also were Anne Kirehman, Kaye Lutz, Ralph Casseaux, John Breger, Mary Williams, Mary Eleanor Kidder and Barbara Will.

## Services Each Night During Holy Week At Community Church

Rev. J. O. Jameson is announcing nightly services beginning Sunday night at 8:30 o'clock. Friday night at 8:30 o'clock and Saturday at 8:30 o'clock.

Weekly services will begin at 8:30 and the choir will sing at each service. Friday night the Lord's Supper will be commemorated in a candle light service.

Approximately 150 members and interested patrons were in attendance. The next meeting will be held April 9th, and Mrs. Bobby Allum will preside the band in a musical program.

Members and the public are invited to all services.

## Car Movement Has Begun To Climb Despite Setbacks

### Restriction On The Small Sizes In Celery Total

Despite the fact that a self-imposed ban on the shipment of small sizes in celery has greatly decreased the movement of celery to c.c. markets, the total movement has risen and bids fair to continue thru the spring deal.

Cabbages are not accounting for many cars as it could but still \$5 can be left in Glades.

It is believed that about 280 cars despite the ravages of the white fly in numerous fields.

Indications are that a record spring production of beans will begin about the 1st of April.

The following is the movement to date:

	North	South	East	West	Sea	Wk	Sea	Wk	Sea
Beans	89	836	47	878					
Bik. Beans	2	3	0	4					
Cabbage	24	310	61	972					
Celery	0	0	7	19					
Cleary	17	563	129	1802

## Norton Glee Club To Perform Here

Knight McGregor, Director, will present under the auspices of the local Rotary Club, his Norton Glee Club on Friday night, April 6th, 8:30 at the High School Auditorium.

It is to be performed here as it was presented last year under the same auspices.

With a reputation unequalled except in a few organizations this Club is composed of business men who sing because of the love for it.

Mrs. Edith Lee Bonner, formerly soloist for the Alabama College Glee Club, will be guest soloist.

Roseon Braddock and Bam Bamford are in charge for the Rotary Club and advance sale of tickets will be held at Murry's, Lutz' and Sullivan Pharmacy. Individual solicitation for tickets will also be undertaken.

The Norton Glee Club will be

## Okeechobee Cattle Market Bought By Private Interests

The cattle pens at Okeechobee formerly operated by some cooperative undertaking, have been bought by two men from West Palm Beach who propose to conduct a sale encl. Thursday beginning April 5th.

An appeal is being made to the cattlemen of Okeechobee County to patronize the market as a source for feeders and the sale of fat stock.

This market will be considerably closer to the Glades than anyone now operating and should be handsomely patronized by the infant industry on the muck.

This market will be considerably closer to the Glades than anyone now operating and should be handsomely patronized by the infant industry on the muck.

Mr. Marjorie Cuthill, Marjorie of Terre, Pernambuco, Brazil has spent several weeks in the Glades studying farm mechanization, farm operation and organization

as well as marketing under the auspices of the Institute of International Affairs for the benefit of Brazilian farmers, as well as

for his own farming operation.

Mr. Marjorie owns and operates a farm of over 1,000 acres just north of Rerente near the east coast of the bridge which is 45 degrees further east than Florida.

Sugar cane, cattle and pineapples make up the majority of fiber from the leaves of the pineapples.

Explaining that some machinery is used on his farm, the visitor is entranced by the wholesale operations carried on in the Glades of piling, fertilizing, planting, spraying and dusting, as well as by the volume of his operations.

Leisure is paid the equivalent of 40 cents per day, he says,

which is comparable to \$4.00 per day for our own labor, because of the low price received for the muck.

He believes that the States and his country are very much alike in national ambitions and life style and asks for further interchange of ideas and a closer association with the rest of the world.

He believes his administration of the living needs of the Brazilian family.

"There are more than 40 of my countrymen in the U. S. under the auspices of the Inter-American Affairs Institute studying at your universities, visiting in your manufacturing plants,

and it is his duty to keep the files, records, flying time and other book work of the P-43 Flying Club.

The pilot who flies these planes takes valuable aerial pictures of German troop and supply movements, lines of communications, and defense and industrial installations, so that the Allied High Command can study these pictures and know where and when to strike the most devastating blows at the enemy.

Sergeant Willis is the husband of Mrs. Mildred R. Willis and a son of Mr. and Mrs. Horace Willis of South Bay, Fla. Prior to entering the army April 29, 1942, he was manager of the W. T. Dooling Service Station in Bay, Fla. He was graduated from Harlon High School, and has been in the European theater of operations since December, 1942.

SGT. WM. H. WILLIS

At an Eighth Air Force

England, Technical Sergeant

William H. Willis is an engineer clerk in this photo station.

He is a member of a photographic reconnaissance squadron

## What Do You Think?

All the efforts of the group that has been trying to secure adequate appropriations for the Everglades Experiment Station seem to go naught unless somebody can convince the Legislature of the absolutely necessity of making available more income for the poor state.

Every Station in the State is asking for more funds, every public institution—the girls School at Tallahassee, the University, the Prison Farms, the Deaf and Blind Schools, the School of Correction for Girls, the Boys School at Marianna, and the State Hospital for the Insane—is having its efficiency and operation jeopardized by the meager salaries paid trained employees and the lack of operating funds.

### SOMETHING MUST BE DONE!

Here are three ways that have been suggested:

#### (1) Sales Tax on luxuries

Money is flowing thru wages and other channels more freely in Florida today than water is in the Glades. Why doesn't the State get some of this? So far it is getting very little in the form of taxes.

#### (2) Revision of the Homestead Exemption Law

Eighty-five per cent of those enjoying homestead exemption do not deserve it, except as political papa from weak-minded politicians. Give it to the blind, aged, widows, and orphans who need it. Let you and I pay for the privilege of living here.

#### (3) State Controlled Wholesale Liquor Business

Out of all the pros and cons in this, one good result will come. If a strong sentiment is built up for taking the wholesale liquor business over by the State, the liquor interests will help you get the others over to protect themselves.

Think a little, and then let your State Representatives and Senator know how you feel. Or, maybe, you have some other panacea for the State's financial ills!

## Final Action On Budget Commission Plays Hob With Station Operation

### United Nations Clothing Collection

A nation-wide drive to collectable clothing for relief distribution in war devastated areas will be conducted starting April 1 and continuing throughout the month.

In Belle Glade a committee has been formed under the chairmanship of J. K. Baker to direct the collection, sorting and shipping of clothing. Representatives of all the local service clubs, schools, and churches are on the local committee.

The committee hopes to collect 30,000 pounds of clothing in the Belle Glade, South Bay and Lake Harbor area.

An item for \$32,000 was listed along with similar items from other stations, without recommendation, but the total of \$85,000 was left entirely from the budget. Some say that this item of \$85,000 was left out through clerical error.

Mr. P. A. Adair, chairman of the Board of Control of Public Institutions made it clear to a group of local farmers on the Board's visit here Saturday that the Board had recommended the items asked for by the local group, and had even added \$13,000 to the amount, but that the Budget Commission had seen fit to reduce the amount. The Budget Commission seems to be worried over where the money is coming from and attempting to guess what the legislature will do.

Col. Lee was very active in this cutting of the budget.

Members of the Control Board expressed themselves as very pleased at the great knowledge gained to the accomplishments of the local Station. The local farmers were complimented on their evidence interest in the work done by the Station.

"Scouting is a community project," stated Mrs. Kenning. "I am surprised that in a town the size of Belle Glade, the responsibility for guidance and training is put on the shoulders of three high school girls and one school teacher."

Mrs. Kenning, a most interesting speaker, has been a leader in the Scouting movement for many years. For a year she has been working with the local group to keep up to date on our own progress.

He believes that the States and his country are very much alike in national ambitions and life style and asks for further interchange of ideas and a closer association with the rest of the world.

Others attending were Dr. John T. Tigert, University of Florida president; Dr. Doak S. Campbell, Florida State College president; Dr. G. J. Scott, president of the Florida School for the Deaf and Blind, St. Augustine; A. C. Brown, plant commissioner, State plant board, Gainesville; Dr. H. H. Hunie, for agriculture, University of Florida; Dr. George D. Rude, vice director in charge of the Sub-tropical Experiment Station, Homestead; Harold Monroy, director of experiments stations, Gainesville; Dr. W. E. Dinsmore, secretary of State Board of Control, Tallahassee; J. W. Blanding, auditor of board, Gainesville; and Dr. R. V. Allerton, in charge of Everglades Experiment Station, County Agent M. U. Meuns.

The seventh war loan drive was the main subject discussed at the Lions Club monthly meeting Wednesday. Lee Puckett, recently appointed chairman for the year, reported that the American Legion had shown a great interest in the loan.

Herbert L. Bubin Weis had arrived home on a well-earned furlough. This was arranged by the American Legion. He plans to contact all other civic and social clubs within the week for their cooperation and make this drive successful.

Cliff Livingston was appointed as chairman for the Lions Club, and Lion Cunningham was re-appointed as chairman for the American Legion.

CAPT. JOHN T. PICKETT, of Ft. Lauderdale, Calif., a member of the Fourteenth Air Force's Air Service Command in China, just a few lines to say hello and to request the addresses of Coach Thompson, Nash Lloyd and Carroll Warren. The other day a ship came along side of us, in fact we were all our crew home but unsuccessful effort to receive the Herald.

T. P. KELLY, Q. M. 3/C, Tom and Kellie, Mrs. F. Dooling, and Mr. and Mrs. Frank Kelley, writers from San Francisco, Calif., just a few lines to say hello and to request the addresses of Coach Thompson, Nash Lloyd and Carroll Warren. The other day a ship came along side of us, in fact we were all our crew home but unsuccessful effort to receive the Herald.

**Prospects Good For Rams Team Next Year**

The Rams are going into the 22nd week of practice with about 22 boys turning out; four additional players will come out next week.

Kenny and Kauffman look good in the backfield which will

(Continued on page 6)

In his report for the month of February Engineer Wallis of the Everglades Drainage District said "Dike in ground water levels were general throughout the district during February.

One well in Miami reached the lowest stage in five years of record.

In the upper Glades the rainfall was approximately 0.62 inches, compared with a normal of 1.05 for the month.

Strict conservation of water during the spring cropping season will be necessary if undue loss of crops is to be avoided.

Normal evaporation exceeds precipitation during the next three months.

An investigating committee is now under investigation in Congress, and must steel itself for that earnest of sensations, peering into another eye in the keyhole. —Detroit News.

"If no man would marry a woman he didn't understand, posterity would be immeasurably better off," declares a sociologist. In an odd and negative way, he may be right—there wouldn't be any posterity. —Cincinnati Enquirer.

## The Church Speaks For Freedom

The steady expansion of governmental authority over the individual in this country is alarming spokesmen for American churches. One of them, Dr. Paul Hutchinson of Chicago, for 20 years managing editor of the Christian Century warns: "We are going to have a more tense situation between the church and the state after he war than before."

"The constantly growing powers of the state have to be challenged by the church in the interests of freedom."

"If we have a period of economic disturbance and uncertainty after the war, in which the state is pledged to supply 60 million jobs, we will discover that the attainment of such a goal will be possible only with the aid of some species of what we call planning."

"We all recognize the dangers of uncontrollable individualistic competition in business. Nevertheless, we have to recognize that planning, when planned by the state, involves the power of the state to control the individual, including the most minute details of his life."

"What many people do not realize is that when government plans run into difficulties, the only way government has to deal with these difficulties is to ask for more power."

"It is this process by which the state seeks to increase its power that eventually brings us to a place where all the power is controlled by the state. Then you have a totalitarian state."

"The churches of Europe woke up to this situation, but not until the totalitarian government was there. . . . I hope in this country we have the foresight to see this danger early and stand for the freedom of the individual."

## They Expect To Go Back

Another example of the value of modern progressive retail distribution is brought to light in a press report describing how forward-looking distributors are combining chemical laboratories for new products to put on store shelves. Their recent explorations point to major postwar exploitation of such products as these: Shrinkproof and mothproof woolens; fireproof draperies and curtains; waterproof fabrics for furniture and other uses; nylon not only for women's hosiery and underwear, but for dress goods and woollike fabrics; plastics in sheet form for raincoats, curtains, furniture coverings and crackproof "patent leather"; chemically treated wood from which can be made barrels and desks with drawers that won't stick and tops that won't scratch; window screens or rustless plastics.

The report concludes that: "Because . . . retailers already have their eye on these and other items it is probable that new chemical ideas after the war will move quickly from the laboratory to the retail store. Chemists used to say that it took five years for a product to be translated from the test tube stage to widespread use. Part of this was due to reluctance on the part of retailers to try new goods until a ready market was assured."

A marked change came over the distribution industry a few years ago when the chain stores created a new competitive element among retailers. The change was a healthy one, as the above incident shows. Keen competition can do more to stimulate postwar activity than a hundred years of government planning. Retailers are laying progressive plans now because they expect when peace returns to ultimately find themselves operating again under a competitive system in which detailed government regulation will have no place.

## The Harvest

Theoretically, government can control the cost of living by setting prices. By various makeshifts, including subsidies to producers, it can be made to work for a while, but the ultimate result is inevitable—cost of production, including increased taxes and wages and a reasonable profit, must be recognized, or there will be no production. We are witnessing that today in butter, ham, bacon, beef, etc.

The fundamental reason for the butter shortage is the price farmers are allowed for milk going into butter. Their returns on such milk are so low that they are forced to market the milk in other outlets in order to meet high production costs. So we might as well learn to get along without butter and all other products where prices are set which are out of joint with the cost of production.

## Without Shame

To show their patriotism, Seattle welders maintained a strike for 17 days, which was very damaging to ship construction. Then they went back to work.

which should be very interesting to everyone who is interested in the welfare of our returning boys. Saturday brings Roy Rogers and Dale Evans with a very excellent cast of Western players to our screen in "Yellow Rose of Texas," which should be one that all may enjoy.

In West Palm Beach with her daughters, Mrs. Clyde Clayton and Mrs. William Carlson.

Mr. and Mrs. D. Mathis and son, Billy, and Ted Powell attended a picnic at Fishing Creek Sunday.

Mr. and Mrs. Tommie La-

Bye of Venice were guest of Mr. and Mrs. Walter Ashley this week.

Dr. and Mrs. Thomas Forse have as their guest Mrs. T. H. Jones of Ft. Myers.

JOAN RABIN HAS

BIRTHDAY DINNER

Joan Rabin was entertained by her mother, Mrs. Harold Rubin. The dining room was attractively decorated with snapdragons and delphiniums, and a color scheme of green and white was carried out in table-decorations and the candle top-pink birthday cake.

Following dinner, games were enjoyed by Nancy Ball, Elaine McCabe, Esther Friedheim, Patti Ingram, Dale Norman, David Weiman, Ronnie Cameron, H.

V. Draa, Jr., and Racky Buck. WOMAN'S CLUB CARD PARTY HUGE SUCCESS

The game party given by the Woman's Club at the Country Club of The Everglades Friday evening was declared a huge success, both financially and in participation. Approximately one hundred persons attended with twenty tables of bridge and other games being played. A twenty-five dollar war bond was awarded as a door prize and this was won by Lou Betner, and soon prizes were awarded Mrs. C. A. Asper, Mrs. C. A. Asper, Mrs. H. O. Earwood. A prize was also given to the holder of high score at each table. These many lovely prizes were donated by local and West Palm Beach merchants to the Woman's Club. Following the games refreshments were served and a cake raffle was conducted by Dr. Wm. J. Buck.

The success of this party is attributed to the following committee: Mrs. Bee Flemming, Mrs. Casper Van Landingham, Mrs. Margaret Mosley and Mrs. Frank Dooley; Flowers Mrs. Luther Jones, Mrs. C. A. Thompson and Mrs. Hubert

Chambliss; Refreshments, Mrs. Clyde Doobie, Mrs. Wiley Milligan, Mrs. George Ganor and Mrs. Charles Maynard; Table and prizes, Mrs. Lee Hayman, Mrs. W. J. Buck, Mrs. Cliff Livingston, Mrs. George Williams and Mrs. Roy Bair.

Members who contributed refreshments were: Independence, Mrs. Scarborough's, P. M. Dino Store, Sullivan's, Mrs. D. Pharamacy, Friendly Market, Friend Style Shop, Cabin Dry Cleaners, Glades Drug Store, Hendry's, Golden Key Milk Co., Western Laundry, Bell Glade Jeweler, Karp's Dept. Store, Crews Dress Shop, Dr. Harold E. H. Mathis-Bee, A. P. Nichols Store, Nick's Bar, Annie Lunch, Multach Furniture Co., Royals, Belle Glade Herald, Betner Hardware, Fears Furniture Co., Your Food Store, Belle Glade Beauty Salon, Sally's Beauty Shop, Lee's Paint Co., Lee's Dress Shop, Belle Glade Laundry, Van Horn's Service Station, Belle Glade Lumber Co., Everglades Glade Lumber Co., Dr. Wm. J. Buck, Glades Chevrole Co., Huber Tillery, O. D. Taylor, York Barber Shop, Harris Insurance Agency, W. S. Ferguson Art. Co., Huber Sullivan Show Room, Show B. & M. Market, Ray Sample, W. C. Barnard, J. J. Cater, Halsey & Burdette, and Burdette's.

Belle GladeBIBLE QUESTIONS  
ANSWERED BY THE  
VOICE OF PROPHECY  
INTERNATIONAL BIBLE BROADCASTER

Question—What about the Bible statement in the first chapter of Genesis that all living things alive before the flood? Answer—It is scientifically true. Dr. Molleerus Couperus, of the Society for the Study of Creation, the Dutch and English Universities, after a study of the views of tonight biologists during the last twenty-five years, says that the trend is more and more toward recognition of the incontrovertible fact that all created form of life began its birth after its kind.

Q.—Genesis 6:4, we read that "there were then in the earth men that were of the spirit of God." What does this mean?

A.—In the Schaefer column of Time magazine for July 3, 1944, it was reported that a geologist in Java had discovered such bones—supposedly of men "much larger than apes."

Q.—What is meant by "the bride, the Lamb's wife," in Revelation 21:9?

A.—The answer is in the next verse. "And he said, Behold, I come in the spirit to a great and high mountain, and shewed me that great city, the holy Jerusalem, descending out of heaven from God." Revelation 21:9.

Q.—What does the last word in the Bible mean?

A.—The last word in the Bible is "so." It means "now" or "so far." Q.—Who were the Edomites, and who is Edom?

A.—The Edomites were the descendants of Esau, the elder brother of Jacob. Edom is a rocky district southeast of Judea. See Genesis 25:30.

Q.—Can God see us in the dark as well as in the daytime?

A.—Here is the answer in Psalm 139:12: "Behold, I am with you every day, even to the night that shall be about noon, Yes, the darkness hideth not from Thee; the night shineth as the day; the light and the night are both alike to Thee."

A. Note. Address your questions to the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 45, Calif. Your questions of general interest will be answered in this column as space permits.

NORMAN L. MILLER  
Owner and Manager

After your truck has been through our shop you can tell by the way it drives that our treatment is a good and thorough. It takes men who know all about motor trucks to make expert repairs. Our mechanics qualify for this important work. And they're hard at it these days doing all they can to keep more trucks rolling.

Your truck also appreciates good replacement parts. We sell the best—genuine International parts that are identical with the original parts built into International Trucks at the factories. Order your parts now from our big stock.

New trucks will be scarce for some time to come. A few will be available in this community for essential civilian hauling. We will be glad to help you make out the necessary application. But the big thing is to keep your present equipment in the best possible shape. That's the important job we'll do for you whenever you say.

Send In Your GI's  
War Clothing

Mothers, fathers, sisters and relatives in general of those GIs who are fighting overseas and who have left some articles of Army clothing at home, are responding to the Army's appeal to send those items to Quartermaster Corps, according to Major General Frederick Uhl, Commanding General, Fourth Service Command.

Business men are getting in on the "Return that soldier's clothing" campaign, it is indicated in a letter to the president of the G.I. Service Fund, Inc., at its headquarters at Atlanta. As an example: A letter was sent to civilian laundries and cleaning establishments in Augusta, Ga., explaining the situation. In two days, 4,000 letters were sent to Camp Gordon and received \$2,530.76 worth of Army clothing. Also from Oliver General Hospital, Augusta, Ga., Capt. L. C. Fink, public relations officer, reported that 4,996 items of soldier's clothing had been received, classified and returned to use.

Relatives of soldiers are taking GI clothing to Fort McPherson, Ga., Lt. Henry Langbert Quartermaster classification officer, stated in the request for the return of Army clothing that was issued, people have been bringing it in, coming to the post in autos or by trolley," said Lt. Langbert. "We don't have it all checked or classified, but it's an indication that we are going to get a lot more."

General Uhl expressed his gratification at the early response to the appeal. "I want to thank the citizens who have returned articles of discarded Army clothing," he said. "There is a good deal of waste and the garments returned to use from homes, laundries or other sources will save the government untold thousands of dollars and may be the means of overseas soldiers having the clothing they need to keep them warm."

"The clothing—trousers, shirts, coats, overcoats, field jackets, etc., will be cleaned, repaired and returned to use. The need is urgent and while a good start has been made, I ask again that citizens look about their homes, closets or trunks—get those Army clothes out of the moth balls and return them to service."

The return is simple, General Uhl explained. Just wrap or box the clothing in a bag and not to exceed 30 pounds in weight and send it express collect to: Attention, Quartermaster, Clothing and Equipment Classification Officer, at the nearest Army post or camp.

Taxes Take Most  
Of Racing Money

Sixty-four-and-one-half cents of every dollar collected from racing in 1944 went to the International Race Course where taxes, it is revealed by figures compiled for the new booklet, "Racing at Hiawatha."

The state took 52 1-2 cents, the federal government 10 1-2 cents and the county and municipality 1 1-2 cents from every 100 cents taken at the track, statistics show.

"The belief not infrequently expressed that Horse Race Tax is getting rich is not in agreement with the facts, at least not in Florida where the state's tax is greater than anywhere else in America," says the booklet.

Florida's pari-mutuals tax (or share of the "take-out") is 8 per cent in contrast to 6 per cent in New York; 5 per cent in Arkansas, California and Washington; 4 1-2 per cent in New

Local Students  
Honored At FSCW

At a formal Scholastic Honors day convocation held at the Wescott auditorium, Florida State College for Women, Thursday, the names of the Miss Elizabeth A. Bregger and Betty Flordre Speer were selected with other students as guests of honor for the occasion. Those who had established at least 45 credit hours at FSCW with an academic av-

erage of B or better were honored.

The convocation was opened with a formal academic procession and Dr. Goodrich C. White, president of Emory University, was the speaker.

CARD OF THANKS  
I wish to thank my friends for their visits, and the many lovely flowers and cards which I received during my recent illness.

Mrs. Bertha Barnes

# SABOTAGE!

SOMETHING was very wrong at Plant X. Delicate aircraft parts were being rejected by the dozens. On polished mirror-like surfaces appeared tiny spots of corrosion, enough to wreck an engine, send a bomber spinning to disaster . . .

Investigators found the answer at their fingertips! Acid in the perspiration of workers' fingers ate into the highly polished metals, paved the way for rust and fatal deterioration . . .

Plant X was immediately Air Conditioned. Workers' fingers can't perspire in cool, comfortable Air Conditioned assembly rooms. Thousands of dollars, precious man-hours and, possibly, lives were saved, thanks to Air Conditioning.

Today, aircraft engines . . . tomorrow, better living for everyone . . . for in your House of Tomorrow engineered Air Conditioning will be as indispensable as your lighting system . . . something to be planned for . . .

Belcher engineers, in addition to their war duties, will work gladly with your architect or consulting engineer to plan Air Conditioning and unit-heating for your House of Tomorrow . . . now!

## FIGHT AND WRITE

Continued from page 1  
Captain Pickett was engineer in charge of the demolition unit.

In connection with the award of the medal to Captain Pickett, Brig. Gen. S. C. Godfrey, Service Command, wrote, in part:

"On these two days, June 22 and 23, 1944, Captain Pickett had neither an aircraft warning nor timely information of the enemy's whereabouts for over forty-eight hours, you and your crew began placing bombs and incendiaries in total darkness, in preparation for the destruction of that bridge, with the coming of daylight, and without sufficient personnel to man guns, and without air cover or other protection, demolition, demolition of the field was begun, and you were almost continually subjected to

## NO AXE TO GRIND BUT YOURS

This is a life insurance broker. He is looking at a dozen different insurance companies. He likes them all but is bound to none. He is asking himself "Which of these companies is currently in the best position to underwrite and serve the insurance needs of my client?"

To such a problem, the life insurance broker brings specialized, technical training. He is an unbiased buyer of life insurance for YOU.

Every decision is made for the best interests of his client. His services are comprehensive, from preliminary study, and the "Know How" of the life insurance program from the taking of your application to the payment of the claim. These complications grow greater from year to year, and it is only the man who has spent his whole life in the life insurance business, that can pass judgement on WHICH COMPANY and what kind of a policy is the right one for YOU.

An Everglades farmer who has been "thru the mill" is the only one who can pass judgement on what, when and where to plant. And only an experienced farmer knows what pests to look for, what insecticides to use, and when and how to use them. And it is only the man who KNOWS, and the man who CARES, who is going to grind YOUR AXE and give you the benefit of a life-time of experience in life insurance.

Such a man is L. G. (Dad) Linnan who has no axe to grind but yours.

J. A. K.
